## PLANT EXPERIMENT

### HYPOTHESIS (day 1)

Circle the correct option and answer the questions

- Do you think the three plants are going to grow at the same time?

YES / NO

- What plant do you think is going to grow first?

WINDOW / WARDROBE / SHOE BOX

- Why?

Because \_\_\_\_\_

### OBSERVATIONS

Draw how the plants are growing every day and write the date

Date/Plant	Day 1:	Day 2:	Day 3:	Day 4:	Day 5:	Day 6:	Day 7:
Window							
Wardrobe							
Shoe box							

### FINAL RESULTS (day 7)

- What plant did it grow faster?

\_\_\_\_\_

- Is there a plant that did not grow?

\_\_\_\_\_

- Why do you think this happened?

\_\_\_\_\_
